

Grant's Tomb

Primary Maker
Henry Sugimoto

Medium
Oil on canvas

Description

Stretched. Image of General Grant's Tomb in New York. Rich, saturated color is a key feature of this work: yellow and orange make up the low tree line, dark brown in the background trees, light green in the skyline and benches, silver/gray in the tomb structure, brick red in the building, and light blue in the sky. A woman with a baby carriage and man sit on the green benches (foreground).
