Hello Johnny:
Well, we finally received our notice to leave for our new relocation project at Location, Wyoming near Cody in the Heart Mountain. We're to leave on the 30th or 31st so I guess this will be my last letter until I get to the new camp. I guess it'll be plenty cold up there so I'm stocking up on my "Red Flannels." Can't write much of interest right now so I'll write from my new center. Well, so-long Johnny until the next time.
