Dear Johnny,

Sorry I didn't write sooner but I presumed that you were on your vacation & didn't want to disturb you. Anyway, "Kitaboni", we received the merchandise and certainly thank you for your kindness in establishing credit for us. The doctors are very grateful to you also, and asked me to thank you. Our difficulty is in disposing of the stuff. I sold all the D.P. and the various sup. and some of the hospital. These darn people expect everything free and don't realize that we are trying to help them by buying the a few of the things which we have been unable to get. They kick worse than the Brooklyn air band. I'm having a dickens of a time trying to collect.

Anyway, Johnny, I am forwarding a money order for help the amount owing. ^{109.61}
