Hello Johnny -
I just got your letter
this afternoon & I'm sorry to hear
that the Kaywoodie pipes are un-
available. That being the case,
can you send me some illustrations
& prices for some pipes that may
be obtained at Brunswick? Almost
everybody in the camp, working on
the camouflage project are sucking
pipes now days, so just to keep
up with the "style" I've been
trying to get a pipe. Anything
ranging about \$2.50 to \$4.00, it
doesn't have to be Kaywoodie. -
Concerning the "fish" everybody
yells at me, you'd be surprised
how I play - "You don't know
the half of it." After every game,
