## **Basic Detail Report**

ang 10, 1942 Hello John If you can make connection and pick up a few item, you'll be able to make a gew pennies. From time to time, I think will be having things sent up to patients. There a new dotos that's having the patient buy Their own medicine - those that we don't carry in stock. If we can get together and and divide 50-50 over the price you pay we may be able to get traler. Walt Janaka & Shig May etawa suggested that you may be the right party Of course I think that we should charge minimum price on all the you think it over and let me etems know ithat you think of the idea and whether you can make connections.
