Basic Detail Report

Pop. Dear Son' Évedently you received pa's mail enclosing a fra copie of Hon. Ennis I commucation which were intendence for mailing re be a reference to. Did you tasted enough cold temperature or you are still enjoyen the experience of on your cold enough here in winter all along the region adjacent to the Mississipi Rings that Rever depression inviel Cove canadian cold current to run Canadian cald current to run down to warm metican gulf. but it is recurrence has achort ended in Saturation, now we are facing real spring weather mail service here is great in fact ness or you might say clownin Write me once in white. good news my boy, pa made an arrangement which same ala artig to lit you leave 500 more upon your call. Mr. Xakuda the monagen his just visited here and lift. pa shock thend with him Juna re-assured for the help and the said you can call upon him when you may want it. Survey when you do call, you need pass would be cause. I By the arrangement pa can the you carry she read with or without a little more help, tell me your idea or plane

[Letter to Kotaro Murai from Koh Murai]

Date

1942-1945

Medium

paper

Description

1-page letter written on a 4-ring lined composition paper to Kotaro from Koh Murai. Koh writes to his son about the temperature and asks how his son is doing, requests to be mailed once in a while, that Mitzu should wait for Koh's situation to be cleared before looking for work because it is too much for a young woman like her, requests Kotaro to be a nice young gentleman.
