### Description

Handmade wooden box with a slot in top for collections or donations. The front of the box has three Japanese characters painted in black that translate to "kind feeling box". The front and back panels are nailed across the sides and bottom to form the box. The top is slightly rounded and has a slit opening in oval shape ( $2 \frac{1}{4} \times \frac{1}{2}$ ). The top has a hole on each side (no screws or nails remain) to secure it. The bottom piece and one inside panel have color advertising from a fruit-packaging crate. There is also plain paper on inside of lid. On one inside side panel is a sketch of Heart Mountain in pencil.
